Utility location is the process of identifying and labeling public utility mains that are underground. These mains may include lines for telecommunication, electricity distribution, natural gas, cable television, fiber optics, traffic lights, street lights, storm drains, water mains, and wastewater pipes. In some locations, major oil and gas pipelines, national defense communication lines ...

NJUA encourages people to make a free call three days before digging to know what's below. Trenton, NJ " With August 11 approaching, the New Jersey Utilities Association hopes this date on the calendar, 8/11, will serve as a reminder to call 811 prior to any digging project, so that underground utility lines can be properly marked. Every hour, there are more than six times that buried ...
