## c# - Write PDF stream to response stream - Stack Overflow

To write a paper in MLA format, create 1-inch margins on all sides of the page, and use 12-point font and double-space your text as you write. You should also create a running header containing your last name and the page number on each page. On the first page, type your heading in the upper left corner. The heading typically includes your full name, your instructor's name, the class number ...
