hudson modern residential landscapes pdf

Landscape archaeology or landscape history is the study of the way in which humanity has changed the physical appearance of the environment - both present and past. Landscape generally refers to both natural environments and environments constructed by human beings. Natural landscapes are considered to be environments that have not been altered by humans in any shape or form.

America on the Move explores the role of transportation in American history. Visit communities wrestling with the changes that new transportation networks brought. See cities change, suburbs expand, and farms and factories become part of regional, national, and international economies. Meet people as they travel for work and pleasure, and as they move to new homes.
