Color symbolism in art and anthropology refers to the use of color as a symbol in various cultures. There is great diversity in the use of colors and their associations between cultures and even within the same culture in different time periods. The same color may have very different associations within the same culture at any time.

Scarlet is a brilliant red color with a tinge of orange. In the spectrum of visible light, and on the traditional color wheel, it is one-quarter of the way between red and orange, slightly less orange than vermilion.. According to surveys in Europe and the United States, scarlet and other bright shades of red are the colors most associated with courage, force, passion, heat, and joy.

The times that we live in are hard, brutal, evil times--and they are growing worse because evil men and seducers are growing worse (as foretold and prophesied in the Bible. Things are going to get yet worse.). Today, many children and adults are being abused in their homes, schools, neighborhoods, etc.--many have committed suicide in an attempt to end the pain in their lives (suicide is not the ...
